

OUTDOOR FIREPLACES

outdoor **lifestyles**

by hearth & home technologies®

Living rooms aren't what they used to be. Outdoor Lifestyles by Hearth & Home Technologies® discards the stale notion that a "living space" is only contained within the walls of your home.

Our innovative products make it easy to expand your living into the outdoors. Think of it like this: you're adding a new room to your house, an outdoor living room.

It's time to transform your outdoor space. See what Outdoor Lifestyles by Hearth & Home Technologies can do for you.

TWILIGHT MODERN INDOOR/OUTDOOR GAS FIREPLACE

The Twilight Modern is an evolution of the industry's first indoor/outdoor see-through fireplace. This Direct Vent gas unit offers impressive fireside views whether relaxing inside or socializing outside. Bolster your favorite room and upgrade your outdoor living space—let the Twilight deliver Modern style, inside and out.

- 36" viewing area

INTELLIFIRE AND INTELLIFIRE PLUS IGNITION SYSTEMS

IntelliFire® systems constantly monitor ignition, ensure safe functioning and conserve up to \$10/month in energy costs. The IntelliFire Plus Ignition System (IFI Plus) is an advanced intermittent pilot ignition system with memory settings and a programmable wireless control. To learn more about IntelliFire Technology, scan the code to the right with your smartphone, or visit fireplaces.com.

FIREBRICK TECHNOLOGY

FireBrick is a patented, energy-saving ceramic material molded in a variety of masonry designs. FireBrick produces up to 25% more radiant heat than metal fireboxes—heating rooms faster and using less fuel. This increases efficiency and reduces heating costs. To learn more about FireBrick Technology, scan the code to the right with your smartphone, or visit fireplaces.com
